

Innovate Chicago

Inspiring the next generation of developers

April 15th, 2023

John Hersey High School

Empowering Future Developers

Innovate Chicago is a 12-hour high school hackathon organized by the JHHS Hack Club. It will be held at John Hersey High School in Arlington Heights, IL. from 8AM to 8PM on April 15th, 2023.

In a day full of collaboration and creativity, 90 attendees (projected) will bring their ideas to reality, learning skills far beyond just tech.

With help from experienced professionals and mentors, students will learn invaluable skills by collaboratively building projects, joining engaging workshops, and more!

Where you come in

Your sponsorship is critical to Innovate Chicago providing this life-changing experience. We're seeking sponsorships to buy food, prizes, and other supplies to run the event.

By sponsoring Innovate Chicago, you'll directly contribute to inspiring, empowering, and enhancing the abilities of 90+ high school students.

Sponsor Benefits

Sponsoring Innovate Chicago benefits both students and your company:

Raise brand awareness

Some of the brightest, most passionate high school students in tech in the Chicago area will attend Innovate Chicago. By mentoring students, providing challenges, and sponsoring swag, you'll create positive brand awareness in the minds of the next generation of developers.

Test new technologies

Have you recently released a new technology or API? Hackathons are the perfect place to test new, cutting-edge technologies and their applications. Provide challenges and workshops around your new technologies at Innovate Chicago!

Gain inspiration

Inventive minds and fresh eyes can help bring a new mindset to a challenge or problem. Let Innovate Chicago participants take a crack at challenging problems in your field of operations or in the larger world.
